

***HANDS OFF OUR HOMES!!  
Fight to Win for Our Homes and Communities.***

Hands Off Our Homes (HOOH) is a newly founded organization in Vallejo seeking to reach out and assist homeowners and renters who are in jeopardy of losing their homes due to foreclosure and eviction, educate the public on the practices of the banking system in regards to property loans and repossessions, and organize with all who are willing to stand up for themselves and their community. We support a moratorium on foreclosures and evictions, and are working with a number of other housing and renters groups in the Bay Area and California to initiate city and county wide moratoriums on foreclosures and evictions. On July 5th we held a public action in front of the trustee sale auction at the city hall steps in Vallejo in order to make a statement against the auctioning of peoples homes here in front of city hall. HOOH seeks to bring together home owners and others in the community around the particular issue of foreclosures, and how this effects us all in this time economic recession. According to Real Estate industry data, there are currently 1,100 homes in some stage of default in Vallejo alone and 2,200 in Solano County. The sheer numbers alone underline the important nature of this problem for everyone.

If you are facing eviction, having difficulties negotiating with your lender, or are concerned with the effects of the foreclosure crises in our local communities then please contact us. HOOH holds once monthly meetings on the third Saturday of the Month in Vallejo which are open to everyone.
